

## Training on Safeguarding and, Protection against Sexual Exploitation and Abuse (PSEA)

The **Training on Safeguarding and, Protection against Sexual Exploitation and Abuse (PSEA)** was organised by BRAC James P Grant School of Public Health from 25-27 October 2021 and was facilitated by BRAC. The training was held at the Uttara BRAC Learning Centre. A total of 16 participants attended the training, including, researchers and staff from all research centres at the School, Master of Public Health (MPH) programme, support units, and Developing Midwives Project (DMP). The purpose of this training was to prepare trainers who can train the staff of BRAC JPGSPH to create awareness regarding safeguarding. The Safeguarding Training aims to help empower the staff with proper knowledge they need to identify and protect themselves from abuse, exploitation, and negligence. It also helps teach the staff to raise their concern relevant to professional laws regarding different forms of emotional, physical, and sexual abuse.

Facilitators who conducted the training from BRAC are:

- Umme Naila Rejuana, Manager
- Manuar Hossain, Senior Officer
- Ulfat Ara, Deputy Manager
